INT. CAR - DAY

KAT, an athletic woman in her 30's, is driving her car towards the beach. She's wearing sunglasses and a wet suit. She pulls up to a Jet Ski Marina and Rental Shop. She gets out of her car and walks inside the shop.

INT. JET SKI MARINA AND RENTAL SHOP - DAY

The bell on the shop door jingles. The shop owner, GARY, greets her.

GARY
There she is!

KAT
Hi Gary!

GARY
I got her all fixed up for you.

Gary leans in and lowers voice

GARY (CONT'D)
Was a little hard to get rid of that bullet hole, but I did it! Looks good as new!

KAT
Ah you're the best!

Kat slides Gary a few hundred dollars.

GARY
Thank you, sweetie. Enjoy!

Kat smiles at Gary.

KAT
See you!

EXT. DOCK - DAY

Kat walks out and her jet ski is waiting for her in the water. She glides her hand against it's smooth body. She puts on her life vest and gets on the jet ski. Before she takes off into the open water, she pops in some headphones. She is listening to 'Infinity Hats: A Guided Meditation'. She slowly takes off as the meditation plays.

FEMALE GUIDED MEDITATION VO
Welcome to Infinity Hats a guided
mediation by Kat Toledo.
I would first like to thank
everyone for listening, I am more
grateful than a chubby Sagittarius
wearing blue on a Thursday at
sunrise. Thursday is the day of
Jupiter.

She continues to listen to the meditation as she cruises on
the water.

EXT. OCEAN - DAY

Arial shots, POV shots, wide shots of her cruising on the
water.

FEMALE GUIDED MEDITATION VO
It is the native planet for the
jovial, wise, wealthy and also Jim
Morrison. I will thank more of my
favorite planets in the epilogue.
Now let's begin our journey.

Since you are already listening to
my voice right now now now. I will
assume that you have chosen a
comfortable place to do so and that
you are wearing comfortable but
relatable clothing. Plaid, denim,
Michael Jordan jerseys.

Kat checks the straps of her life vest and adjusts her seat.

FEMALE GUIDED MEDITATION VO (CONT'D)
Now lets set an intention for our
journey. A want, a desire,
something you are willing to suck
dick for. I would suck dick to end
the suffering of sentient beings
but I would also suck dick for a
jet ski.

Close up of Kat smiling.

FEMALE GUIDED MEDITATION VO (CONT'D)

I will choose the jet ski as my intention for this exercise.

Now that we have set our intention lets begin to relax our body. Let's start with our minds aka our forehead.

An indigo symbol glows between Kat's eyebrows while the meditation talks about the face.

FEMALE GUIDED MEDITATION VO (CONT'D)

Don't worry if you are unsure about how cool you look right now, I will teach you some mantras or as I like to call them rumors to help you feel cool.

Different shots of Kat doing cool tricks on the jetski.

FEMALE GUIDED MEDITATION VO (CONT'D)

For guys, if you are overweight you can start a rumor that you were in a pornographic film. Women will automatically find you mysterious and sexy and you'll always be one of the top four people invited to every party. Trust meee. If you are a guy that can be described as "nerdy" just start a rumor that you were once a heroin addict but that you were able to get your life together and now do IT work around the city and have an excellent dvd collection. Everyone will be charmed. TRUST ME.

For the ladies: Choose a country with an easy to forget name, lets say France, and start a rumor that you were once a very high profile political rapper in that country and that you had to fake your own death in order to move on with your life and live peaceably under a new identity as a merchandising specialist amongst the American people.

FEMALE GUIDED MEDITATION VO (CONT'D)

When people ask you how you could have left behind such a passionate position, you let them know that you still dj on the weekends.
shhhhh

reelaaaaaaax.

Kat lands a trick and just cruises for a little while again.

FEMALE GUIDED MEDITATION VO (CONT'D)

Now that we are feeling cool around the face let's move down to the neck and throat area.

A blue symbol lights up on Kat's throat during the throat part in the meditation. She continues to cruise and do tricks on the jet ski. Some slow motion shots of arial tricks.

FEMALE GUIDED MEDITATION VO (CONT'D)

Did you know that when a puma goes for the jugular, it's just trying to give you a hickey? As embarrassing as it is to be killed by your own big cat, just let that tension out.

Down the arms, real or prosthetic. Turn that phantom pain into phantom pleasure. Ghosts are constantly enjoying themselves, that's why they are always photobombing. Don't believe me, take a closer look at every single one of your pictures.

Zoom in on an open heart shape locket on Kat with picture showing of her and her twin and a ghost photobombing behind them.

FEMALE GUIDED MEDITATION VO (CONT'D)

Thumpity Thump thump you hear that?
We are at the heart.

A green symbol lights up on Kat's heart during the heart part of the meditation. She does a few more tricks.

FEMALE GUIDED MEDITATION VO (CONT'D)

Whatever you do, don't admit to having ever smoked Meth. Even if it was only twice.

(MORE)

FEMALE GUIDED MEDITATION VO (CONT'D)
 People will never forget. And now
 anytime you look disheveled or have
 a pimple, people will assume you
 are doing meth.

Kat shakes her head and smirks in a "ain't that the truth way".

FEMALE GUIDED MEDITATION VO (CONT'D)
 No one wants a heart that's as cold
 as ice. Trust me.

Kat stops the jet ski in the water to have a snack. A PB&J sandwich and her water bottle that has an infinity symbol on it.

FEMALE GUIDED MEDITATION VO (CONT'D)
 Ok lets bring the attention to our
 bellybuttons our solar plexus.

A yellow symbol lights up above her belly button area.

FEMALE GUIDED MEDITATION VO (CONT'D)
 Many cultures believe the belly
 area is the energetic source of our
 will power. Touch my abs, let me
 know what you think. I prefer to
 call my will power willy.

She puts her garbage away in a compartment on her jet ski. She touches her lower back because it has a little pain. An orange symbol lights up by her tails bone. She then turns around and lays on her back on the jet ski as it just floats in the ocean.

FEMALE GUIDED MEDITATION VO (CONT'D)
 It's crotch time.

A red symbol lights up on her crotch during the next section of the meditation.

FEMALE GUIDED MEDITATION VO (CONT'D)
 Did you know you can get away with
 sniffing people's underwear if you
 tell them you are doing laundry. I
 do it all the time. Now
 brrrreeeaaaaaatthhhh.

Kat breaths deep. Overhead, high in the sky is a bird carrying a snake with it's talons. Kat makes eye contact with the bird, and the bird drops the snake on her. Kat flinches but catches the snake in her hand, throws snake in the water and it swims away.

FEMALE GUIDED MEDITATION VO (CONT'D)

Legs are what makes us different
from snakes. Unless you consider
the snake one long leg than can go
anywhere. I once had two legs,
Still got them.

Kat takes off her water shoes to let the ocean water splashes on her toes.

FEMALE GUIDED MEDITATION VO (CONT'D)

This little piggy went to market,
this little piggy stayed home, this
little piggy went wee wee wee,

Kat just pees through her wetsuit as she lays. We see the light colored urine flow from her seat into the ocean.

FEMALE GUIDED MEDITATION VO (CONT'D)

Hey can you give a pig some
privacy?

Ahhh now that our whole body is
relaxed we can begin to meditate.
Keep your eyes half open. You never
know who is going to try to steal
from you.

And just count your breath in 1 out
2 in 3 out 5 and continue. If you
get a distracting thought just let
is pass through.

As the meditation continues Kat drifts into a dark outer space cgi world.

INT. OUTER SPACE CGI WORLD - EVENING

This world is a mix between outer space and deep sea with bioluminescent creatures and shapes. Kat's chakra points are all lit up and little color worms start coming out of each chakra. The worms slowly become pastel colored Chinese dragons, long and snake like.

Parts of the dragon also resemble DNA. The dragons all unite into one big dragon infinity symbol that faces her. She pries the dragons mouth open and swims inside it. It looks like a worm hole. The dragon explodes into glowing orbs. The orbs look like those spinning led light up toys then they turn into a bunch of beautiful neon dolphins swimming and intertwining through a neon coral reef.

FEMALE GUIDED MEDITATION VO

This cereal is delicious.
She got glitter everywhere
Ducktails is finally getting the
respect it deserves.

And bring it back to your breath
ahhhh...

Sound effects of birds, asmr crunching sounds, and breathing. You can hear faint sounds of a luxury party boat approaching. She opens her eyes.

EXT. OCEAN - EVENING

The sun is almost done setting. Kat sits up on her jet ski.

FEMALE GUIDED MEDITATION VO

And we're done. You finally got
around to meditating,
congratulations.

Kat takes headphones off, pulls out camouflage netting to cover herself and the jet ski. She begins what will be a rescue mission. She slowly pulls up to the luxury party boat without anyone noticing.

INT. BOAT - NIGHT

There are a lot of drunk high-fashion people having a great time eating oysters on a luxury party boat. Close up on the various mouths slurping oysters. Kat boards boat without being seen. Kat goes down a corridor with many doors. One door has a light emanating from it.

CUT TO:

INT. MASSAGE ROOM - NIGHT

Inside this massage room is a woman, KAT2, she looks identical to Kat. She is massaging a tall and skinny HALF ASIAN GUY.

HALF ASIAN GUY
So when did you know you were a
healer?

KAT2
Ha, I never really thought of it
that way.

Kat quietly enters the massage room and makes eye contact
with Kat2. Both their eyes glow white. Ethereal music plays.

HALF ASIAN GUY
Umm, could you do it a little
harder?

Kat2's eyes stop glowing and she returns to massaging but
keeps looking at Kat.

KAT2
Yes of course.

Kat signals to Kat2 to leave. Half asian guy can see that
there are more than one pair of feet by the table.

HALF ASIAN GUY
Heyy theres someone else in here!!

Kat slams Half Asian Guy's head through the massage table.

KAT
Cmon!

INT. BOAT - NIGHT

Kat and Kat2 run down the corridor and into PARTY GOER 1 AND
PARTY GOER 2.

PARTY GOER 1
Oh it's the masseuse! There's two!

PARTY GOER 2
The masseusesesesess. Ha hah ses se
sess.

Kat and Kat2 push through them.

PARTY GOER 1
Where are you going?

PARTY GOER 2
The masseusesesesesss are leaving!

All the PARTY GOERS notice Kat and Kat2 running away and start screaming about not having received their massage yet.

PARTY GOER 3
My massage!

PARTY GOER 4
My massage!!!

Kat and Kat2 climb off the boat and on to the jet ski. PARTY GOER 5, a Colonel Sanders looking man, pulls out a big vintage silver gun with a pearl finish grip.

PARTY GOER 5
I have this.

Party Goer 5 shoots at Kat and Kat2 but misses.

EXT. OCEAN - NIGHT

Kat and Kat2 ride away into the darkness on the jet ski. Bullets flying at them.

EXT. DOCK - NIGHT

Kat and Kat2 arrive at the Jet Ski Marina and Rental dock. Kat ties up jet ski. Notices a bullet hole and caresses it like a wounded animal.

KAT 2
Where to now?

KAT
Home with the others.

KAT 2
Okayyy.

CUT TO:

INT. KAT'S CAR - NIGHT

Kat and Kat2 get in Kat's car. Kat puts on NPS Radio, a NPR like station.

NPS HOST (V.O.)

Thank you so much for being here
Kat, is there anyone you'd like to
thank?

KAT (V.O.)

Thank you for having me and thank
you to the planet Venus rhymes with
penis, Freya I'm in love, am I
right? Mercury is pretty cool, thee
old messenger planet, Really they
are all pretty cool.

NPS HOST

Yes, they are.

Some chill electro music plays for the rest of the drive.
They arrive at a white modern house in the hills. Kat and
Kat2 get out of the car and before they step inside Kat gives
Kat2 a big hug.

INT. KAT'S HOME - NIGHT

Kat opens the door and enters with Kat2. The modern white
tiled home is filled with 37 WOMEN that are all identical to
Kat.

ALL 37 WOMEN

Oh hi Kat!

KAT2

Hi!

A couple of the women approach Kat2 to bring her into the
group and welcome her in. Kat2 is bright eyed and happy. Kat
grabs a granny smith apple from the fruit bowl, jumps on the
couch, and turns on the TV to a youtube meditation video.
Camera pulls out to reveal all the Kats moving about the
house. Camera continues to pull out until the house is just a
dot on the earth which continues to pull put to reveal that
there are 37 earths in orbit around the sun.
